Online Yoga Quiz Competition: Guidelines

1. Introduction
The aim of yoga is to encourage a positive and healthy lifestyle for physical, mental and emotional health of children. It helps in the development of strength, stamina, endurance and high energy at physical and mental levels. Yoga has been integrated as an essential component of Health and Physical Education. NCERT has already developed textual material on Yoga for Upper Primary and Secondary stage titled “Yoga-A Healthy Way of Living” for Upper Primary and “Yoga-A Healthy Way of Living” for Secondary stage. Ministry of Human Resource Development (MHRD) through National Council of Educational Research and Training (NCERT) is taking multi-dimensional initiative to promote Yoga in curriculum and transaction in schools. Ministry of Human Resource Development through NCERT took an initiative to by conceptualizing ‘Yoga Olympiad’ as a venture with the objective to promote the awareness of yoga and to build up a network of yoga students, teachers and Yoga practitioners from schools to the national level and to spread the message of yoga as a science for holistic living. With this idea, this new initiative named as “Yoga Olympiad” was organized from 2016 onward as a prelude to the International Yoga Day which is on 21 June. A detailed scheme was developed and has already been circulated to all the states/UTs and other National agencies.

But due to corona virus (COVID 19), all schools are closed since March 2020, though the children are being guided by their teachers at home not only for subject specific online learning but also on yoga along with physical exercises based on the alternative calendars developed by NCERT which is being implemented at State/UT level. These days, as there is much focus on health and well-being of children, it is expected that they are not only getting awareness but also doing yogic practices at their homes. Therefore, in view of this, it is proposed to organize online National Quiz Competition on Yoga. Quiz Competition has been a very popular activity both within and outside educational institutions. It enables students and other participants to gather varied information on the selected theme or topic and understand the implications of different aspects of the concerned areas. It provides opportunities to get exposed to various dimensions of that area and encourage them to acquire authentic knowledge about it. This online quiz competition will also provide flexibility to students to respond at their own convenience however within a given period of time. This will also create a motivated environment for students, in which learning takes place in a very involved manner.
2. **Theme of Online Yoga Quiz Competition**

It also empowers oneself with increased concentration, calm, peace and contentment at mental level leading to inner and outer harmony, therefore **Online Quiz on Yoga** has been planned. The theme for the Quiz will be **Yoga for Health and Harmony**.

3. **Objectives of Online Quiz Competition On Yoga**

- To create awareness regarding yogic practices among students and to motivate them to collect comprehensive information from authentic sources on related issues.
- To develop understanding of yogic practices and motivate them to apply this understanding accordingly in one’s life and living.
- To motivate them to develop a healthy habit and lifestyle and thereby promote emotional and mental wellbeing in children through yogic practices.
- To develop humane values in children.

4. **Yogic Practices to be covered in Online Yoga Quiz Competition**

The Following dimensions of Yoga are embedded into ‘Yoga Quiz’

- Yama and Niyama
- Shatkarma/Kriya (Cleansing Process)
- Asanas
- Pranayama
- Meditation
- Bandha and Mudra

4.1. **Yama and Niyama**

Yama (Restraint) and Niyama (Observance) Yama and Niyama are principles which need to be adopted always in our day-to-day life regardless of time and place. These can be considered as the universal code of conduct that help in following high standards in personal and social life. Principles of yama are concerned with one’s social life; while the principles of niyama are concerned with one’s personal life. Yama and niyama are part of Ashtanga yoga.
The five principles of yama are: Ahimsa (non-violence), Satya (truthfulness); Asteya (non-stealing); Brahmcharya (abstinence) and Aparigraha (non-collectiveness).

The five principles of niyama are: Shaucha (purity/cleanliness); Santosha (satisfaction); Tapas (austerity); Swadhyaya (study of good literature and knowing about the 'self')

4.2 Shatkarma/Kriya (Cleansing Process)

Shatkarma means six karmas or kriyas. The karma/kriya means ‘action’. Shatkarma consists purificatory processes which cleanse the specific organs of the body by detoxifying them. The purification helps to keep the body and mind healthy.

There are six cleansing processes described in hatha yogic texts. These are Neti, Dhauti, Basti, Trataka, Nauli and Kapalabhati. These are used to clean the internal organs or systems by using water, air or manipulation of certain organs of the body. In this Online Quiz, Trataka, kapalabhati & Agnisara will be included.

4.3 Asanas

The term asana means sitting, standing and lying down in a particular posture, which is comfortable and which could be maintained steadily for long time. Asana gives stability and comfort, both at physical and mental levels.

4.4 Pranayama

Pranayama consists of the breathing techniques which are related to the control of breath or respiratory process. Pranayama popularly known as ‘yogic breathing’, involves a conscious manipulation of our breathing pattern.

The health of the respiratory system depends upon the quality as well as the quantity of air inhaled by the person. It also depend on the rhythm and completeness of the breathing. Through pranayama, a practitioner advantageously works with her/his respiratory, cardiovascular and the nervous system which bring about emotional stability and peace of mind.

4.5 Dhyana (Meditation)

Meditation is a practice which helps in concentration of the body and mind. In meditation, concentration is focused for a long time on a single object like tip of the nose, space between eyebrows, etc. It develops a sense of well-being and improves memory and decision making power in the person.
4.6 Bandha and Mudra (Only for Secondary level)

*Bandha and Mudra* are the practices involving manipulation of certain semi-voluntary and involuntary muscles in the body. These practices bring about voluntary control and tone up the internal organs.

5. Syllabus

*NCERT* has developed a syllabus for Upper Primary Stage and Secondary Stage. *NCERT* has also developed textbooks for Upper Primary and Secondary Stages titled “Yoga: A Healthy Way of Living”. These books are available in Hindi, Urdu and English. These books are also available on e-pathshala and on *NCERT* website. The Quiz will be based on the syllabus of *NCERT* developed for yoga.
