## **Introduction**

“**Current Contents**” prepared by Library and Documentation Division aims to identify the articles published in the learned journals received by the library in the month of January, 2017.

Current Contents are arranged alphabetically under the broad subject headings. It gives the details about the name of the Journal, volume, issue month and year of publication. It will be our endeavour to bring out this as a reference tool, which will make our readers aware about the current contents available in different learned journals of their subject of interest.

Current Contents will be useful to our faculty members in selecting/recommending relevant articles for their research.

Keeping in mind the integration of ICT and Digitisation, attempt has been made to provide the Web-link of the current issues, which will facilitate the readers to access the articles, except the ‘\*’ marked journal titles

We eagerly await to received your views and comments.

(Moorttimatee Samantaray)  
Head, LDD,  
NCERT, New Delhi.
